

Call for Featured Sculpture Class 2018-2019 Exemplary Award Trophies

The Arizona Department of Education seeks a high school sculpture class to create trophies for the 2018-2019 exemplary awards. The Exemplary Awards recognize schools who are excelling at the **Six Principles of Effective Schools**.

The featured sculpture class would develop six trophies that embody each principle in an artistic process aligned to the visual arts standards. **This opportunity is a 2-year commitment.** The selected school would receive mentorship from the previous year's school, create trophies, and co-present trophies to winning schools at the 2020 ESSA conference. This year's selected school would then mentor the subsequent year's school. **Trophies are due to the Arizona Department of Education by December 20, 2019.**

Requirements for Participation:

- Arizona public or charter high school with interested sculpture class instructor

Art Requirements:

- Trophies must be made of durable, nonhazardous materials
- Trophies must be larger in size than a softball and smaller than a microwave
- Trophies must include a base with 2 x 4 inches of open space to affix the name of the winning school.

Submission Requirements:

If interested, email artsed@azed.gov by Friday May 17, 2019 5pm MST.

1. Email of Interest from school administrator
2. Resume or CV of participating art teacher
3. Three photo work samples of student sculptural work with 150 or less word description of each work in a separate word document.

Schools will be notified of the department's decision by May 31, 2019 5pm.
